### TOWARD LOWER LEVEL. Movement of Stocks in the Wall Street Market.

New York. June 23.—Prices have moved irregularly in the stock market but the tendency has been towards a lower level. The occasional railies have lower level. The occasional railies have been due to bear covering and liquidation has been in evidence all the week. The feeding stocks and New Jersey Central have been the only notable exceptions to the weakness. The further damage to the spring wheat crop, rumors of harm to the cotton crop, the growing conservatism displayed by railroad authorities in dividend questions, the urgent demand from Germany and France for gold coming upon the low level of surplus reserves in New York banks and the dread of European complications growing out of the Chinese outbreak, have been the dominant influences of the speculation.

Straight to Nagasaki. San Francisco, June 23.—The transport Grant which is to leave this port on July 1 for Manila will be the first United States troop ship to go to the Philip-pines by way of Nagasaki, the usual route being via Honolulu. She will car-ry the Sixth cavalry, which may be sent to China. The transport Lenox now at Portland, Ore., will carry horses for the troepers.

Doty-Griffith.

Two very popular young people of the city were married last night, Miss Charlotte B. Griffith and Mr. Preston B. Doty, and no prettier wedding has been celebrated in a long time. The ceremony was performed at the home of the bride's parents, 42 Pitkin street, in the presence of numerous relatives and friends. Rev. W. H. W. Boyle officiated, tying the nuptial knot in the parlor which was profusely decorated with roses and prettilly appointed. After the ceremony a wedding feast was served and it was a late hour when the last departures were taken. Mr. Doty is a trusted employe of the Exchange National bank, and is well known about the city. His bride is a very charming young lady with a large circle of friends, and congratulations are being showered upon both.—Colorado Springs Evening Telegraph.

When all had been read, a vote was taken as to the most foolish act of all, and Mrs. Geo. E. Lerrigo claiming the paper she was awarded the prize, which was a watercolor poster. One young lady told of bundling a quantity of debris in the kitchen range one summer after house cleaning was over, and after she had set it in flame remembered that the pipes to the range had been taken away for the summer. Another wrote of one evening, when she was very sleepy, tucking her shoes carefully away under the dresser safe from robbers and then throwing her watch across the room. ## O, What a Grand Parade and Rally THERE WILL BE

July 26th, 27th, 28th, 1900!

Jefferson Davis, the President of the Topeka Advance State Charitable Institution, says that he went to the Ministers' Union Monday, June 11th, and was called on by Elder Price to state his business, which he did with

much pleasure. The gentlemen addressed seemed to be delighted in hearing the plans. He said to them that he was glad to meet them. That we, as directors, have formed a parade and rally of 50,000 by taxation of the colored people of the State, and asked them to take charge of the matter and call

the people together. They said they would. These pastors know the wants of our people. This money is to make a general employment for colored people over the State of Kansas. Our treasurer is supposed to give a good company bond for all money that may come into his hands. Eight hundred of the best business men are behind it. Out of these, 31 white ministers, 14 colored ministers, and 19 colored principals and school

teachers. This invitation is extended over the State of Kansas. This parade is supposed to be thirty blocks long, and headed by fifty carriages and hacks, and led by the Kansas City Brass Band, and a special invitation is extended to Kansas City, Mo., and St. Joseph, Mo. These bands are supposed to be used at the Crawford Opera House at night, and at the Grand Opera House. There will be a State Band Contest after dinner at Garfield Park.
